

PLEASE READ THIS RED HAT SUBSCRIPTION SERVICES AGREEMENT ("AGREEMENT") CAREFULLY BEFORE INSTALLING, EXECUTING OR USING RED HAT SOFTWARE OR SERVICES. BY INSTALLING, EXECUTING OR USING RED HAT SOFTWARE OR SERVICES, YOU SIGNIFY ASSENT TO THIS AGREEMENT. IF YOU ARE ACTING ON BEHALF OF AN ENTITY, THEN YOU REPRESENT THAT YOU HAVE THE AUTHORITY TO ENTER INTO THIS AGREEMENT ON BEHALF OF THAT ENTITY. IF YOU DO NOT ACCEPT THE TERMS OF THIS AGREEMENT, THEN YOU MUST NOT INSTALL, EXECUTE OR USE RED HAT SOFTWARE AND/OR SERVICES.

This is an Agreement between Red Hat, Inc. ("**Red Hat**") and the individual or entity which purchased Red Hat Subscription Services from the Service Provider for use in the Portal ("**You**" or "**you**").

1. Background and Definitions.

1.1 Definitions. "**Instance**" means a virtual or physical system on which you or the Service Provider installs or executes all or a portion of the Software. "**Portal**" means the Service Provider's online portal through which you purchase and/or receive access to Software and Services. "**Software**" means the Red Hat branded software, including all modifications, additions and further enhancements, in each case, which are provided by Red Hat and obtained directly or via a Service Provider or another third party. "**Services**" means access to Software maintenance in the form of Software fixes, updates, upgrades, modifications, images and security advisories, when and if available, provided by Red Hat and delivered to you by the Service Provider. "**Service Provider**" means the Red Hat authorized third party from whose Portal you receive access to Software and Services. "**Subscription Services**" refer to the Red Hat Software and Services provided to you for a specific term and made available by a Service Provider.

1.2 Agreement Background. You have purchased the right to access Red Hat Subscription Services from Service Provider for use in the Portal. This Agreement establishes the terms and conditions under which Red Hat will provide those Subscription Services to you in connection with your use in the Portal, which are in addition to the terms contained in the agreement between you and the Service Provider. Red Hat is not responsible for (a) the actions of Service Provider, (b) any additional obligations, conditions or warranties provided by Service Provider or (c) any products and/or services that Service Provider provides to you under agreements between you and Service Provider, including any access, outages or unavailability of the Software or Services on the Portal. In order to provide a positive support experience, Red Hat and Service Provider may collaborate on issues relating to your Subscription Services on the Portal and you consent to Red Hat discussing your Subscriptions Services and related information with the Service Provider for such purposes.

2. Terms of Service

2.1 Software Access and Services. For each Instance purchased from Services Provider for use in the Portal, you will receive access to the Subscription Services. Subscription Services are provided only for your own benefit and use within the Portal. Support services, if any, will be provided to you by the Service Provider and Red Hat will not provide to you any direct technical assistance or other support services under this Agreement.

2.2 Purchase Requirements. During the term of this Agreement as set forth in Section 6, you are required to purchase Services for each Instance from either (i) Service Provider or (ii) Red Hat or a Red Hat authorized business partner. If you are using any of the Services to support or maintain Instances of Red Hat or non-Red Hat software (other than Instances obtained under a paid Subscription) either within or outside the Portal, then you are required to notify Red Hat of such use and pay Red Hat the standard published software subscription fees for such use (e.g. <https://www.redhat.com/wapps/store/catalog.html>) under the terms of the Red Hat Enterprise Agreement, a copy of which is set forth at www.redhat.com/licenses. Distributing the Subscription Services (or any portion) to a third party outside the Portal or using the Subscription Services to support a third party without paying the respective fees is a material breach of this Agreement even though the open source license applicable to individual software packages may give you the right to distribute those packages (and this Agreement is not intended to interfere with your rights under those individual licenses). For clarification purposes, this Agreement **does not** apply to Software subscriptions purchased from Red Hat directly for use outside the Portal or in conjunction with the Red Hat Cloud Access program (as set forth at <https://www.redhat.com/solutions/cloud/access/enroll.html>). The Red Hat Cloud Access program is the method through which you may migrate Software subscriptions purchased from Red Hat to use on the Service Provider's Portal.

3. License.

Use of the Software is governed by the applicable end user license agreement posted at <https://www.redhat.com/licenses/eulas/>. No right, express or implied, is granted under this Agreement to (i) use any Red Hat or affiliate trade name, service mark, or trademark or (ii) distribute the Software utilizing any Red Hat or affiliate trademarks.

4. Service Provider Specific Services.

Service Provider may offer specific services, offerings or protections related to its Portal, including but not limited to the provision of Services by US only personnel, compliance with certain regulations or regimes or other such Service Provider specific obligations ("**Service Provider Offerings**"). Other than as specifically agreed to by Red Hat in writing, the Subscription Services are not provided subject to the terms of those Service Provider Offerings, and any Service Provider Offerings solely relate to the Service Provider or the Portal itself and not to the Red Hat Software and/or Services operated on the Portal.

5. Confidentiality.

5.1 Obligations. During the term of this Agreement, both parties agree that (i) Confidential Information will be used only in accordance with the terms and conditions of this Agreement; (ii) each will use the same degree of care it utilizes to protect its own confidential information, but in no event less than reasonable care; and (iii) the Confidential Information may be disclosed only to employees, agents and contractors with a need to know, and to its auditors and legal counsel, in each case, who are under a written obligation to keep such information confidential using standards of confidentiality not less restrictive than those required by this Agreement. Both parties agree that obligations of confidentiality will exist for a period of two (2) years following initial disclosure of the particular Confidential Information. "**Confidential Information**" means all information disclosed by either Red Hat or you ("**Disclosing Party**") to the other party ("**Recipient**") during the term of this Agreement that is either (i) marked confidential or (ii) disclosed orally and described as confidential at the time of disclosure and subsequently set forth in writing, marked confidential, and sent to the Recipient within thirty (30) days following the oral disclosure.

5.2 Exclusions. Confidential Information will not include information which: (i) is or later becomes publicly available without breach of this Agreement, or is disclosed by the Disclosing Party without obligation of confidentiality; (ii) is known to the Recipient at the time of disclosure by the Disclosing Party; (iii) is independently developed by the Recipient without use of the Confidential Information; (iv) becomes lawfully known or available to the Recipient without restriction from a source having the lawful right to disclose the information; (v) is generally known or easily ascertainable by parties of ordinary skill in the business of the Recipient; or (vi) is software code in either object code or source code form that is licensed under an open source license. The Recipient will not be prohibited from complying with disclosure mandated by applicable law if, where reasonably practicable and without breaching any legal or regulatory requirement, it gives the Disclosing Party advance notice of the disclosure requirement.

6. Term, Reporting and Inspection.

The Agreement begins on the date that you accept this Agreement or the date you first obtain access to the Subscription Services in the Portal, whichever is earlier, and continues for the period of time you have access to the Subscription Services in the Portal (subject to Section 12). A party may terminate this Agreement for breach if the other party has failed to cure a breach within ten (10) days of written notice by the non-breaching party, provided that you may have other or additional obligations to the Service Provider in order to terminate access to the Subscription Services and the terms of this Agreement shall apply until such access is terminated. During the term of this Agreement and for one (1) year thereafter, Red Hat or its designated agent may inspect and review your facilities and records in order to verify your compliance with this Agreement. Red Hat will give you written notice of any non-compliance, and you will have fifteen (15) days from the date of such notice to make payment to Red Hat for any amounts owed. You acknowledge and consent to Red Hat's receipt of usage information with respect to the Subscription Services from the Service Provider.

8. Representations and Warranties.

Red Hat represents and warrants that, to its knowledge, the Software does not intentionally include malicious or hidden mechanisms or code for the purpose of damaging or corrupting the Software. EXCEPT AS EXPRESSLY PROVIDED IN THIS SECTION 8, THE SERVICES AND THE SOFTWARE ARE PROVIDED "AS IS" AND WITHOUT WARRANTIES OR CONDITIONS, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE.
