## The Korean Pacific Weekly

"Established Sept. 1913"

The image shows a page from a Korean newspaper from 1948. The page is filled with dense Korean text in a traditional brush script. In the center, there are several large, bold characters forming the title '하와이 주두' (Hawaii Juju) and '병이 白明' (Bingi). Below these titles, there are two more columns of text. On the far left, there is a vertical column of text. The overall layout is characteristic of mid-20th-century Korean print media.
