FADE IN

Sound: background sound of traffic and people chatter

Grandfather (age: 60 yrs) and grandson (age: 12 yrs) are standing outside a movie theater looking intently at a movie poster of Star Wars- Seduced by the dark side! There's a slight drizzle and both are wearing rain coats. There are people moving about hurriedly trying to get indoors before it rains heavily. The grandson is happily sipping on a cola can, which he has pestered his grand dad to buy it for him. Suddenly the grandson looks up to his grand-dad with a puzzled expression on his face and asks

GRANDSON

That was a great movie... but I don't understand one thing.

Grandfather gives a loud sneeze and wipes his nose with a handkerchief, looks at his grandson and says

GRANDFATHER

Hum, what's that?

GRANDSON

I don't understand how anyone can be seduced by the dark side.

Grandfather gives a knowing smile and says

GRANDFATHER

What computer do you use at home?

Grandson's face brightens up at this question and eagerly answers

GRANDSON

A Macintosh!!!

The grandfather looks back at the poster, seeing this the grandson also looks at the poster thinking that the answer might lie in the poster itself. The grandfather asks again

GRANDFATHER

And what computer does your father use at work?

Grandfather looks back to his grandson and winks at him. Grandson gives a mischievous smile and says

GRANDSON  
Seduced by the Dark Side!!!

Both give a high-five and walk away from the scene.
