MEDIA INFORMATION

MEDIA SEATING

An event/media area has been set up at the home end of Sheet E. Seating will be limited. The bench offers wireless Internet, electrical outlets and TV's, as does the media room, should you wish to file from there.

MEDIA ROOM/LOUNGE

The media room is located in the board room near the main entrance of the building.

Beginning Tuesday, Oct. 26, it will be open roughly a half hour before the first draw until a half hour after the evening draw has concluded.

The media room has electrical outlets, wireless Internet and television to assist in the production and distribution of media materials and media services.

INTERVIEW REGULATIONS/PROCEDURES

You will be required to fill out interview request forms, which will be available on the media bench and in the media room. The forms will be gathered as the draw progresses and will be handed to requested players at the completion of their games.

For media in attendance: All post-game media interviews will be conducted in a physically-distanced scrum format at ice level in a designated space adjacent to the media bench. All players have been instructed to exit through this area on their way to the dressing rooms. Every effort will be made to escort players to the specified area as quickly as possible after each draw.

For media not in attendance: Media with requests for specific players should email them to media@curling.ca. Please include the Draw #, team and player name in the subject line of your e-mail. Curling Canada will do its best to arrange post-game phone or Zoom interviews following the draw.

All in-person interviews MUST be socially-distanced. Masks are required at all times.

DRAW STATISTICS

A statistical report will be produced and limited copies distributed to the media shortly (about 15 minutes) after the conclusion of each draw. Live scores and stats can be viewed online at the Curling Canada website (www.curling.ca).

If you would like to receive the Draw Stats media report by email, please contact Al Cameron (acameron@curling.ca or 403-463-5500)

CURLING CANADA PHOTOGRAPHY GUIDELINES

All photographers must be identified with a B4 credential. You must also wear black/dark colour clothing and shoes.

In general, you are allowed to shoot from positions between the hoglines (starting about two metres from each hogline) on the carpeted areas separating the game sheets; in the corners of the arena; or behind the hack signs/scoreboards, provided you are not obscuring the vision of the spectators, blocking the scoreboard or in the way of the players.

Before entering the ice surface, please ensure that you have used the shoe cleaner, located near the home-end entrance, to remove dust, dirt and other particles from your shoes.

You are not allowed on the ice surface at any time.

Also:

- Flashes are not allowed.
- If you are carrying a mobile device, turn it to silent before entering the ice surface.
- No video can be shot from inside the boards.
- Please photograph from a sitting or squatting position; not standing or kneeling. Please shift your position at appropriate intervals to not consistently block the view of the same spectators.
- When moving along the walkway, ensure that no player is in the process of delivering a rock. If the curler is delivering, please wait until the deliver is complete before crossing the carpet at the end of the sheet.
- When a player is about to deliver a stone, you must be behind the hack signs/scoreboards, or situated between the hoglines.
- For playoff games, special instructions will be issued for photo locations in conjunction with the location of TSN's cameras. In general, though, you should avoid being in the TSN shot at all times.

Thank you for your co-operation.

Failure to adhere to these regulations could result in the forfeiture of your photography credential.

FACT SHEET

OFFICIAL NAME: 2021 Home Hardware Curling Pre-Trials

DATE/SITE: Oct. 25-31 - Queens Place Emera Centre, Liverpool, N.S.

SEATING CAPACITY: 1,050

FORMAT: Fourteen men's and women's teams are competing for the final two berths available for each gender at the 2021 Tim Hortons Canadian Curling Trials, presented by AGI, which is the event that will determine Canada's four-player men's and women's teams at the 2022 Olympic Winter Games in Beijing.

Teams are separated into two pools of seven and will play a six-game round-robin. The top three teams in each pool will advance to the playoffs. Teams finishing first will face the teams finishing second from the opposite pool in the semifinal. The two winners play to determine which team qualifies for the first Trials spot available. The losers of the semifinals will play the third-placed teams from the round robin. The winners of that game move on to play the loser of the initial Trials qualifying game for the final Trials spot available.

TIEBREAKERS: Tiebreaker games will not be played. If two or more teams are tied, the ties will be broken first by head-to-head record. Failing that, ties will be broken by the total distance from draws for hammer in each game.

INTERNET: Draw results and event information can be obtained at:

WINNERS EARN: • Berth into the 2021 Tim Hortons Canadian Curling Trials, presented by AGI, in Saskatoon.

GAME DURATION:	Teams must play a minimum of eight ends during a round-robin game before conceding. Playoff games are a minimum of 10 ends.
ROCKS, COLOUR, LAST STONE DRAW:	<p>The stones are Curling Canada stones, most recently used in the Calgary bubble at the Scotties Tournament of Hearts and Tim Hortons Brier.</p> <p>During pool play, first-named teams will practise first, deliver red stones and use the clockwise rotation for the last-stone draw. The second-named team will practice second and deliver yellow stones and use the counter-clockwise rotation for the last-stone draw.</p> <p>Only the four 'game' players are allowed on the ice surface for the Last Stone Draw. Full sweeping is allowed, however, one of the four players must hold the target broom.</p> <p>Both teams will name the two (2) different players to deliver Last Stone Draw stones prior to the start of the first (or red team) practice.</p> <p>After pre-game practice, the two different players will each deliver one (1) stone to the button; both stones will be measured and totaled.</p> <p>If the second team registers the same two-stone distance as the team with first practice, the teams will alternate delivering one (1) stone with their designated rotation until the tie is broken. Any player on the team can deliver the third and any subsequent stones including the players who delivered the first two stones.</p> <p>Only the combined distance of the first two stones delivered will be registered for the accumulated distance.</p> <p>At the conclusion of the round robin, the two (2) highest individual recorded distances will be discarded to establish the accumulated distance. Each of the four players will deliver a minimum of two (2) stones to determine the Last Stone Advantage.</p> <p>A stone not delivered within the time allotted by the umpire will be assigned a distance of 185.40 cm (the stone must reach the near tee-line before the time expires).</p>
GAME TIMING:	<p>Each team will receive 38 minutes of thinking time and two 90-second timeouts to complete a 10 end game. Each team will receive four minutes and 30 seconds of thinking time to play each and every extra end played, including one 90-second timeout per extra-end.</p> <p>A team's clock begins:</p> <ul style="list-style-type: none"> • Once the opposing team has completed their shot, all rocks have come to rest and moved behind the back line; AND • the opposing team's sweepers have moved to the side of the sheet; AND • the opposition in charge of the house has relinquished control of the house; AND • the person in charge of the house (the delivering team) has taken control of the house. <p>A team's game clock stops once the stone has reached the nearest tee-line at the delivery end.</p>
