# MEDIA INFORMATION

**IMPORTANT:** All media procedures, seating and access is subject to change based on the recommendations of public health authorities. All accredited media will be notified of any changes.

## MEDIA BENCH

An event/media area has been set up at the home end near Section Z. The bench offers wireless Internet, electrical outlets and TV's.

## INTERVIEW/PLAYER ACCESS

All media on-site will have a direct line of access from the media bench area to the backstage scrum/mixed zone area. Media will not have any additional access to backstage beyond the mixed zone (i.e. no backstage media workroom). Curling Canada will do its best to accommodate all media on site.

## INTERVIEW REGULATIONS/PROCEDURES

You will be required to fill out interview request forms, which will be available on the media bench. The forms will be gathered as the draw progresses and will be handed to requested players at the completion of their games.

All post-game media interviews will be conducted in a physically-distanced scrum format at ice level in a designated space adjacent to the media bench. All players have been instructed to exit through this area on their way to the dressing rooms. Every effort will be made to escort players to the specified area as quickly as possible after each draw.

**All in-person interviews MUST be socially-distanced. Masks are required at all times. Due to the distance, Curling Canada recommends having microphone extender to improve audio quality.**

## DRAW STATISTICS

A statistical report will be produced and limited copies distributed to the media shortly (about 15 minutes) after the conclusion of each draw. Live scores and stats can be viewed online at the Curling Canada website ([www.curling.ca](http://www.curling.ca)).

**If you would like to receive the Draw Stats media report by email, please contact Al Cameron ([acameron@curling.ca](mailto:acameron@curling.ca) or 403-463-5500)**

# CURLING CANADA PHOTOGRAPHY GUIDELINES

**All photographers must be identified with a B4 credential. You must also wear black/dark colour clothing and shoes.**

In general, you are allowed to shoot from positions between the hog lines (starting about two metres from each hog line) on the carpeted areas separating the game sheets; in the corners of the arena; or behind the hack signs/scoreboards, provided you are not obscuring the vision of the spectators, blocking the scoreboard or in the way of the players.

Before entering the ice surface, please ensure that you have used the shoe cleaner, located near the home-end entrance, to remove dust, dirt and other particles from your shoes.

You are not allowed on the ice surface at any time.

Also:

- Flashes are not allowed.
- If you are carrying a mobile device, turn it to silent before entering the ice surface.
- No video can be shot from inside the boards.
- Please photograph from a sitting or squatting position; not standing or kneeling. Please shift your position at appropriate intervals to not consistently block the view of the same spectators.
- When moving along the walkway, ensure that no player is in the process of delivering a rock. If the curler is delivering, please wait until the deliver is complete before crossing the carpet at the end of the sheet.
- When a player is about to deliver a stone, you must be behind the hack signs/scoreboards, or situated between the hog lines.
- For playoff games, special instructions will be issued for photo locations in conjunction with the location of TSN's cameras. In general, though, you should avoid being in the TSN shot at all times.

Thank you for your co-operation.

**Failure to adhere to these regulations could result in the forfeiture of your photography credential.**

# TV NON-RIGHTS HOLDERS

**TSN** is the sole TV rights-holder for the 2021 Tim Hortons Canadian Curling Trials, presented by AGI, thus no cameras/portable video devices from any other media affiliation are allowed **inside** the boards during morning, afternoon and evening draws.

However, in order to provide other stations and/or networks with an opportunity to get brief game/highlight footage, approved camera positions will be available at certain locations **outside** the boards around the perimeter or at various places on the concourse level or press box, provided your position at no time blocks the view of spectators nor presents a fire access hazard. **Please ensure that your camera has no visible logo. If so, please cover it up.**

**You are allowed to air two minutes of game footage daily**, provided the game footage is not from a game being televised as the feature game by TSN, in which case you must use their highlights with the appropriate credit.

**The main media scrum** takes place at ice level near the media bench. There will be an appropriate backdrop/signage noting the area. All players will pass by this area en route to their dressing rooms.

TV cameras must allow the media scrum to first interview any requested players before arranging individual interviews. However, cameras may be part of any scrum. For TV non rights-holders, you are allowed to air as much footage from the scrums as you wish.

When all games have been completed for any draw **AND** when TSN has concluded its telecast and is off the air, you are allowed to do 'stand-ups' or interviews at ice level on the carpeted areas, near the scoreboards or even inside the boards, provided you are not disrupting the ice technicians as they prepare the surface for the next draw.

For brief live hits, if TSN is not on the air, you will be able to do stand-ups on the concourse, seating areas, etc., providing any lighting requirements have been pre-approved. **When TSN is on the air, NO live hits are allowed.**

Thank you. If there are any questions, please contact (on-site):

# FACT SHEET

**OFFICIAL NAME:** 2021 Tim Hortons Canadian Curling Trials, presented by AGI

**DATE/SITE:** Nov. 20-28 - SaskTel Centre

**SEATING CAPACITY:** 15,100

**FORMAT:** Nine men's and women's teams are competing for the opportunity to represent Canada in the four-player men's and women's disciplines at the 2022 Olympic Winter Games in Beijing.

All teams are in one pool of nine and will play an eight-game round-robin. The top three teams will advance to the playoffs with the first-placed team advancing directly to the final and the second- and third-ranked teams playing in the semifinal. The winner of the semifinal advances to the final.

**WINNERS EARN:** The right to represent Canada's men's and women's teams at the 2022 Olympic Winter Games.

**TIEBREAKERS - TEAM RANKING:** The following criteria (in order) will be used to rank teams at the completion of the round robin.

- 1) Teams ranked by win / loss record.
- 2) If two teams are tied in wins / losses, the team that won the round robin game between them is ranked higher.
- 3) If more than two teams are tied, the win / loss records in games played between those teams only will determine ranking.
- 4) When the ranking cannot be decided using bullets 1-3, the ranking will be determined by the total distance of accumulated draw shot distance.
- 5) If teams remain tied using accumulated draw shot distance, the next largest distance of the tied teams is removed until the tie is broken.

**TIEBREAKERS - STONE SELECTION/ LAST STONE ADVANTAGE:** 1) If the win / loss records are identical between teams (without using cumulative last stone draw results) the higher ranked team will have choice of last stone advantage and the first pre-game practice **OR** the choice of handle colour.

2) If the cumulative last stone draw process has been used to determine ranking, the higher ranked team will have choice of handle colour and second practice. The draw to the button process for last stone advantage shall be used.

3) All tiebreaker games shall be played with the stones from the assigned sheet.

**PLAYOFFS - STONE SELECTION/LAST STONE ADVANTAGE:** 1) In playoff games, last stone advantage, first pre-game practice **AND** the choice of handle colour is awarded to the team with the best win / loss record during the round robin.

2) If the win / loss records are identical between teams (without using cumulative last stone draw results), the higher ranked team will have the choice of last stone advantage and first pre-game practice **OR** the choice of handle colour.

3) If the cumulative last stone draw process has been used to determine ranking, the higher ranked team will have choice handle colour **OR** second practice. If the team chooses second practice, the lower ranked team will be awarded choice of handle colour. The draw to the button for last stone advantage shall be used.

**STONE SELECTION  
- PLAYOFFS (ONLY  
GAME ON ICE)**

- 1) Teams may select any eight stones and one reserve stone of the same colour from any of the sheets that were used in round-robin play.
- 2) Stones selected do not all have to come from the same sheet, but must be of the same colour.
- 3) The reserve stone may only be used if once of the eight game stones is damaged and becomes unsuitable for play as confirmed by the Chief Ice Technician.
- 4) Teams may re-select stones for any subsequent playoff game.

**GAME DURATION:**

Teams must play a minimum of eight ends during a round-robin game before conceding. Playoff games are a minimum of 10 ends.

**ROCKS, COLOUR,  
LAST STONE DRAW:**

The stones are Curling Canada stones, most recently used in the Calgary bubble (at the Scotties Tournament of Hearts and Tim Hortons Brier) and Home Hardware Curling Pre-Trials in Liverpool, N.S.

Note: The running surfaces were re-built this summer.

Only the four 'game' players are allowed on the ice surface for the Last Stone Draw. Full sweeping is allowed, however, one of the four players must hold the target broom.

Both teams will name the two (2) different players to deliver Last Stone Draw stones prior to the start of the first practice.

After pre-game practice, the two different players will each deliver one (1) stone to the button; both stones will be measured and totaled. The first player will deliver the clockwise rotation, while the second player will deliver the counter-clockwise rotation.

The team with the lesser LSD total will have choice of delivering the first or second stone in the first end of that game. If teams are tied, the individuals LSD stones are compared and the lowest non-equal LSD has the choice of delivering first or second stone in the first end. When both teams have the same individual LSD, the teams alternate delivering one stone each with their designated rotation until the tie is broken. Any player on the team can deliver the third and any subsequent stones including the player who delivered the first two stones. Only the first two stones delivered will be registered for accumulative distance.

If the second team registers the same two-stone distance as the team with first practice, the teams will alternate delivering one (1) stone with their designated rotation until the tie is broken. Any player on the team can deliver the third and any subsequent stones including the players who delivered the first two stones.

At the conclusion of the round robin, the two highest individual recorded distance will be discarded to establish the accumulated distance. Each of the four players will deliver a minimum of three (3) stones, with a minimum of one of each rotation, to determine the Last Stone Advantage.

**GAME TIMING/  
TIMEOUTS:**

Each team will receive 38 minutes of thinking time and two 90-second timeouts to complete a 10 end game. Each team will receive four minutes and 30 seconds of thinking time to play each and every extra end played, including one 90-second timeout per extra-end.

A team's clock begins:

- Once the opposing team has completed their shot, all rocks have come to rest and moved behind the back line; AND
- the opposing team's sweepers have moved to the side of the sheet; AND
- the opposition in charge of the house has relinquished control of the house; AND
- the person in charge of the house (the delivering team) has taken control of the house.

A team's game clock stops once the stone has reached the nearest tee-line at the delivery end.
