In the meantime, some last-minute changes have been taken into account in order to ensure that the new index basket weights correspond to the current status.

### Adjustment of capping factors SLI®, SXI® Family and SPI® Select Dividend 20

For the SLI® as well as for the SXI Life Sciences®, SXI Bio+Medtech® and SXI Sustainability 25®, large-capitalization issues are again capped at 9% and 4.5% (SLI®), at 10% (SXI Life Sciences®, SXI Bio+Medtech®) and at 15% (SXI Sustainability 25®) on the basis of the closing prices of 9 December 2016.

For the SPI® Select Dividend 20, if the weighting of a security were to exceed 15%, the weight of the security will be limited at 15% on the basis of the closing prices of 8 December 2016.

The new capping factors are included in the list mentioned above.
