As part of its ongoing improvements, SIX Swiss Exchange is introducing a further upgrade of its SWXess trading platform. The SWXess Maintenance Release 6.1 (SMR6.1) is an optional upgrade which will mainly introduce trading in UK Gilts as well as changes in processing of Off Exchange trade reports.

SMR6.1 is scheduled to go-live on **6 March 2017** in the Membertest environment and on **2 May 2017** in the Production environment.

You will find detailed information concerning SMR6.1 in the "SMR6.1 – Participant Readiness" brochure, published with this message. The brochure contains information about the functional changes and regulatory impact of SMR6.1 as well as details concerning the migration, testing phase and rollout. In addition, the publication contains useful links to several other SMR6.1 relevant documentation.

More information on SWXess Maintenance Release 6.1 is available on the dedicated SWXess Maintenance Release (SMR) website and on the Member Section of SIX Swiss Exchange.

SIX Swiss Exchange continuously strives to extend and improve the service and product offering as well as the SWXess trading platform. Our participants will benefit from the improvements resulting from SMR6.1, which continued to guarantee efficient trading.
