Content of this message:

- Publication of the updated "SMR7.2 – Participant Readiness" brochure
- Confirmation of introduction of SMR7.2 into the membertest environment on 20 August 2018
- Introduction of SMR7.2 into the production environment scheduled for 15 October 2018

In [SIX Swiss Exchange message no. 26/2018](#), SIX Swiss Exchange announced the optional SWXess Maintenance Release 7.2 (SMR7.2), which comprises expansions and optimizations in the field of trading in the order book and without pre-trade transparency, as well as in the bilateral, off-exchange trading of structured products. In addition the groundwork for the replacement of the MDI market data interface by the SIX MDDX Multi-Dimensional Data flux™ (SIX MDDX) interface for participants will be laid.

This message provides participants with detailed information on business-relevant changes in SMR7.2 and confirms the start of the Membertest phase.

Participant readiness

Detailed business-relevant information on SMR7.2 can be found in the **updated** "[SMR7.2 – Participant Readiness](#)" brochure published with this message. The brochure contains information about functional changes in SMR7.2 as well as details concerning the migration, member test phase and rollout. The brochure also contains links to other SMR7.2-relevant documents.

More information on the SWXess Maintenance Release 7.2 can be found on the [SWXess Maintenance Release \(SMR\)](#) webpage and in the [Member Section](#) of SIX Swiss Exchange.

Rollout

The member test phase for SMR7.2 will begin as scheduled on Monday, 20 August 2018. During this phase, all participants will be able to test their business-relevant processes, functionalities and applications.

SIX Swiss Exchange continuously strives to expand and improve its range of services and products, as well as its SWXess trading platform. Our participants are able to benefit from the improvements in SMR7.2, which guarantee ongoing efficient trading.
