SIX Swiss Exchange is introducing a further upgrade of its SWXess trading platform as part of its ongoing optimization efforts. SWXess Maintenance Release 8 (SMR8) is **mandatory for SIX Swiss Exchange participants** and will mainly implement the new service “Swiss EBBO” as well as further enhancements and optimizations.

SMR8 is scheduled to go into the **Membertest environment on 1 April 2019 and 24 June 2019 in the Production environment**. The contingency date for the go-live in Production is 14 October 2019.

Please find all of the business-related information regarding SMR8 that is currently available in the brochure “[SMR8 – Participant Readiness](#)”, which is being published together with this message. The brochure contains information about the functional changes and regulatory impact of SMR8 as well as details concerning the migration, testing phase and rollout. It also contains references to other documents that are relevant for SMR8.

The brochure “[SMR8 – Participant Readiness](#)” will be updated and published again prior to the start of the member test phase. New editions of the brochure “[SMR8 – Participant Readiness](#)” will be announced by means of a SIX Swiss Exchange message.

More information on SWXess Maintenance Release 8 can be found on the dedicated [SWXess Maintenance Release \(SMR\)](#) web page and on the [Member Section](#) of SIX Swiss Exchange.

SIX Swiss Exchange continuously strives to expand and improve its range of services and products, as well as its SWXess trading platform. Our participants can benefit from the improvements of SMR8, which ensure ongoing efficiency of trading.
