Information 

Content of this message:

- Publication of the updated «SMR8 – Participant Readiness» brochure
- Confirmation of introduction of SMR8 into the Membertest environment on 1 April 2019
- Introduction of SMR8 into the production environment scheduled for 24 June 2019

In [SIX Swiss Exchange message no. 06/2019](#), SIX Swiss Exchange announced the mandatory SWXess Maintenance Release 8 (SMR8), which will introduce the new service «Swiss EBBO» as well as other enhancements and optimisations.

This message provides participants with updated information on business-relevant changes in and migration to SMR8 as well as confirms the start of the Membertest phase.

Participant readiness

Detailed business-relevant information on SMR8 can be found in the **updated** [«SMR8 – Participant Readiness»](#) brochure published with this message. The brochure contains further information about functional changes in SMR8 including matching scenarios as well as details concerning the migration, Membertest phase and roll-out. The brochure also contains links to other SMR8-relevant documents.

More information on the SWXess Maintenance Release 8 can be found on the [SWXess Maintenance Release \(SMR\)](#) webpage and in the [Member Section](#) of SIX Swiss Exchange.

Roll-out

The Membertest phase for SMR8 will begin as scheduled on Monday, 1 April 2019. During this phase, all participants will be able to test their business-relevant processes, functionalities and applications.

SIX Swiss Exchange continuously strives to expand and improve its range of services and products, as well as its SWXess trading platform. Our participants are able to benefit from the improvements in SMR8, which guarantee ongoing efficient trading.
