SIX Swiss Exchange is introducing a further upgrade of its SWXess trading platform as part of its ongoing optimization efforts. The SWXess Maintenance Release 10 (SMR10) is **mandatory for the participants of the Swiss Stock Exchange** and will mainly introduce the new order type "SwissAtMid Block Orders". Furthermore, it includes enhancements for the trading service "Quote on Demand" as well as further improvements and optimizations for trading on the exchange.

Release Guide

Please find all business-related and technical information regarding SMR10 that is currently available in the "SMR10 Release Guide", which is being published together with this message. The guide contains information about the functional as well as technical changes and regulatory impact of SMR10 as well as details concerning the migration, testing phase and rollout. It also contains references to other documents that are relevant for SMR10.

The "SMR10 Release Guide" will be updated and published again prior to the start of the Membertest phase. New editions of the "SMR10 Release Guide" will be announced by means of a SIX Swiss Exchange message.

Specifications of SWXess Interfaces

The adjusted specifications of affected SWXess interfaces and further technical information can be found in the in the SIX Swiss Exchange Member Section.

Rollout

The rollout of SMR10 to the Membertest and Production environment has been scheduled for the following dates:

Date	Activity
30 August 2021	Introduction of **SMR10 in the Membertest** environment

Date	Activity
8 November 2021	Introduction of **SMR10 in the Production** environment
6 December 2021	**Contingency date** for the introduction of SMR10 in the Production environment

SIX continuously strives to expand and improve its range of services and products, as well as its SWXess trading platform. Our participants can benefit from the improvements of SMR10, which will ensure continued efficiency in trading on the exchange.
