In the [SIX Swiss Exchange message no. 25/2021](#), the Swiss Stock Exchange announced the revised schedule for the introduction of the mandatory SWXess Maintenance Release 10 (SMR10) in the Membertest and Production environments.

With this message the Swiss Stock Exchange informs participants about the revised schedule for the introduction in the Production environment and the bundling of all enhancements of SMR10 to the announced contingency date on **6 December 2021**.

### Release Guide

Please find all of the business-related and technical information regarding SMR10 in the **updated** “[SMR10 Release Guide](#)”, which is being published together with this message. The brochure contains further information about the revised schedule for SMR10 as well as references to other documents that are relevant for SMR10.

### Rollout

The Membertest phase for SMR10 has begun as scheduled on 30 August 2021, and the enhancements for Quote on Demand via OUCH Trading Interface have been introduced in the Membertest environment as announced on **4 October 2021**. Since then, all participants are able to test their business-relevant processes, functionalities and applications for the mandatory changes.

Please note that SIX Swiss Exchange AG has changed the migration and rollout schedule for the SWXess Maintenance Release 10 in the Production environment as follows:

<b>Date</b>	<b>Activity</b>
1 November 2021	<b>Upgrade</b> of SMR10 in the <b>Membertest environment (stage 3)</b>
<b>6 December 2021</b>	<b>Introduction and first trading day</b> of SMR10 in the <b>Production environment</b> with bundling of <b>all functionalities</b>

Further important dates regarding SMR10 can be found in section 3 of the "[SMR10 Release Guide](#)".

The Swiss Stock Exchange continuously strives to expand and improve its range of services and products, as well as its SWXess trading platform. Our participants can benefit from the improvements of SMR10, which will ensure continued efficiency in trading on the exchange.
