#### Content of this message:

- Discontinuation of the project to integrate the listing and trading capabilities of SDX Trading AG into the SWXess trading platform of SIX Swiss Exchange AG

---

SIX Swiss Exchange AG ("SIX Swiss Exchange") and SDX Trading AG ("SDX Trading") hereby informs its Participants and Service Providers of **the discontinuation of the project to integrate the listing and trading capabilities of SDX Trading into the SWXess trading platform of SIX Swiss Exchange.**

Detailed clarifications have shown that at the present time, the complexity of realizing a joint SWXess infrastructure is too high to generate sustainable added value for the Participants and Service Providers within a reasonable period of time. For this reason, the project to integrate the listing and trading capabilities of SDX Trading into the SWXess trading platform of SIX Swiss Exchange will be stopped and no further integration efforts will be pursued at this time. SDX Trading remains an independent regulated Trading Venue.

Our endeavors to realize efficiency gains for all Participants and the Service Provider of SDX Trading and SIX Swiss Exchange continue undiminished. We will continue to monitor relevant trends, taking current market and technological changes into account, and consider implementations wherever possible as part of a holistic approach.
